"But I think they're not here yet I think we're going to see, over the next few years, increasing complexity in these plants and animals as they build up a biome here and get ready for the builders. Think about it. When summer comes, the conditions will be very different. The atmosphere will be almost as dense as ours, with about the same partial pressure of oxygen. By then, thousands of years from now, these early forms will have vanished. These things are adapted for low pressure, no oxygen, scarce water. The later ones will be adapted to an environment much like ours. And that's when we'll see the makers, when the stage is properly set." "Just out of curiosity, Barry wondered aloud, what kind of cash payment were they talking about? Jason said the standard fee, a year ago, for a single sticker had been a thousand dollars; two and a half for a pair, since people with two blanks to fill could be presumed to be that much more desperate. Due however to a recent disproportion between supply and demand, the going price for a single was now seventeen hundred; a double, a round four thousand.
