Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--". Freed for the moment from the need to be strong for her sleeping Angel or for Wally, Celestina turned to Tom Vanadium, saw in his gray eyes both the sorrow of the world and a hope to match her own, saw in his ruined face the promise of triumph over evil, leaned against him for support, and finally dared to cry..a time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike. When she went upstairs at 2:10 in the morning, she found the boy fast asleep in the soft lamplight, Tunnel in the Sky at his side..Second-stage labor was supposed to last about fifty minutes in a woman bearing her first child, as little as twenty if the birth was not the first, but she sensed that Bartholomew was not going to come into the world by the book..To the window. The warm room sucked cooling fog out of the night, and she leaned across the sill into the streaming mist..In August, he developed an interest in meditation. He began with concentrative meditation-the form called meditation "with seed"--in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else.. "I sure think so. I think she's everything. I tell her she's the moon and stars. I'm probably spoiling her rotten." Cradling the baby, the nun turned with it to Celestina, folding back a thin blanket to present her with a good look at the tiny girl..A calico cat appeared at Tom's side, running, pacing him. Cats were witches' familiars. Good luck or bad, this cat?.A deep-set casement window. Two latches on the right side, one high, one low. Detachable hand crank lying on the foot-deep sill. Mechanism socket in the base casing..The word need, instead of want, moved Paul to follow the doctor across the coffee shop..Sapphires and emeralds, dazzling gems set in clearest white, ebony pupils at the center. Beautiful mysteries, these eyes, but no different now than they had ever been, as far as she could tell..He had never expressed opposition to starting a family. She'd had no reason to fear telling him that she was carrying their child..This morning, Damascus had left the house early, before Vanadium came downstairs, which was perfect for Junior's purposes. While the maniac cop was finishing his shave and shower, Junior crept upstairs to check his room. He discovered the revolver in the second of the three places that he expected it to be, did his work, and returned the weapon to the nightstand drawer in precisely the position that he had found it. Narrowly avoiding an encounter with Vanadium in the hall, he retreated to the ground floor. After some fussing over the most effective placement, he left the quarter and the luggage-just as Vanadium, the human stump, clumped down the stairs. Junior experienced an unexpected delay when the detective spent half an hour making phone calls from the study, but then Vanadium went into the kitchen, allowing him to slip out of the house and complete his work..After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones..Neddy occupied the entire spacious fourth floor of the house. The third and second floors were each divided into two apartments, the ground floor into four studio units, all of which he rented out..Elsewhere in the cemetery, about 150 yards away, another interment service-with a much larger group of mourners-had begun prior to this one for Naomi. Now it was over, and the people were dispersing to their cars.. "No. But I'm sure as can be, the kid is better off undiscovered by the likes of him." She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are." Not many men wore hats these days. Since his teenage years, Nolly had favored a porkpie model. San Francisco was often chilly, and he began losing his hair when still young..The guy appeared vulnerable, his arms occupied with the kid and the bag, and Junior considered bursting out of the Mercedes, striding straight to the Celestina-humping son of a bitch, and shooting him point-blank in the face. Brain-shot, he would drop quicker than if the headless horseman had gotten him with an ax, and the kid would go down with him, and Junior would shoot the bastard boy next, shoot him in the head three times, four times just to be sure..Phimie's speech had been slurred later, as well, immediately following the birth of the baby, when she had struggled to convey her desire to name her daughter Angel..Junior, putting himself in the detective's place, could think of a few reasons for this visit to Seraphim's grave. Unfortunately, not one of them supported his contention that he was an innocent man..Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging..Although, by unspoken agreement, they avoided any talk of loss and death, the mood remained grim. Angel sat in thoughtful silence, pushing her food around her plate rather than eating it. Her demeanor intrigued Tom, and he noticed that it worried her mother, who put a different interpretation on it than he did..stubbornly withholds them is to take a bitterly cold shower while pressing ice against one's genitals, until the desired facts are recalled or hypothermic collapse ensues..Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts..All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over.. "And you're saying fear can fill his emptiness as well as sex or booze?" Kathleen wondered.. "Having spent most of the last twenty years in this apartment, not being the one who has a car, how would I meet a Negro magician?" She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions

when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be." The cop had picked up the .22 pistol, using a pencil through the trigger guard, to prevent the destruction of fingerprints. "Maybe I won't have to try as hard as I think, because you make it so easy, Barty." Junior released Neddy and, letting him slide down the wall to the floor, returned to the door to lock it. Reaching for the latch, he suddenly expected the door to fly open, revealing Thomas Vanadium, dead and risen. The ghost didn't appear, but Junior was shaken by the mere thought of such a supernatural confrontation in the middle of this crisis. Never had the familiar red Bicycle design of the U.S. Playing Card Company looked ominous before, but it was fearsome now, as strange voodoo veve or satanic conjuration pattern. He usually ate lunch alone in his office. The room was the size of an elevator, but of course didn't go up or down. It went sideways, however, in the sense that herein Paul was transported into wondrous lands of adventure. Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?" "Who?" she shouted, though they were perched side by side on a black-leather love seat. "Thank you, Nurse Bressler," he said most solemnly, matching her tone, barely able to control the urge to glance at her, smile, and give her another preview of his quick, pink tongue. "Well, you ought to be," Grace said, taking her pies out to the Suburban that Wally had bought solely for this enterprise. As Celestina settled on the sofa with the phone in her lap, hesitating to dial until she worked up a bit more courage, Angel said to Tom, "So what happened to your face?" Without using his flashlight, depending only on the moon, he ascended through the cemetery to the service road. He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer. "Maybe because we didn't want to be called witches," said Obadiah with a smile, "and give folks one more reason to hang us." "I do, don't I," Rena agreed, as with one plump hand she spread the pleated skirt of her brightly patterned dress. Academy of Art College and might have met Celestina White. The critiques of her paintings. The white Buick glided through the tides of fog like a ghost ship plying a ghost sea. "When we pull away, people are waving across the street at the UPS truck, and the driver, he sees them, and he stands there, kind of confused, and then he waves back." She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?" As kinky and thrilling as it had been to make love to the girl while playing the recorded rough draft of a new sermon that she had been transcribing for her father, Junior could now recall nothing of what the reverend had said, only the tone and the timbre of his voice. Whether instinct, nervous irritation, or merely the sherry should be blamed, he was troubled by the thought that there was something significant about the content of that tape. She didn't reach into your thoughts and pluck out the name Rowena. Or Beezil or Feezil. In the dark woods of the dream, still the presence: faceless and silent, radiating a merciless intent. "If there's a presentation, I assume then I'm the presentee," he said, taming his chair sideways to the table and taking her into his lap. "Just remember, I never wear neckties." quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the. THIS IS THE FIRST PAGE of the Book of the Dark, written some six hundred years ago in Berila, on Enlad. Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician. She got a can of soda, returned to the table, and sat down as if finished with her explorations. "You're okay, Barty." altogether by taking slow deep breaths, slow deep breaths, and by remembering that each of us has a right to be happy, to be fulfilled, to be free of fear. The bright side was easy to see. If Vanadium's reputation among other cops and among prosecutors was that of a paranoid, a pathetic a after phantom perpetrators, his unsupported belief that Naomi. By eleven months, his vocabulary had expanded to nineteen words, by Agnes's count: an age when even a precocious child usually spoke three or four at most. Briefly, Junior felt humiliated. He wanted to drag the detective out of the car and stomp on his smug, dead face. A moment later, in the corridor, as Nolly locked the door to his suite, Kathleen linked her right arm through Vanadium's left. "Do I call you Detective Vanadium, Brother, or Father?" Fear of the unknown is a weakness, for it presumes dimensions to life beyond human control. Zedd teaches that nothing is beyond our control, that nature is just a mindlessly grinding machine with no more mysteries in it than we will find in applesauce. He knew for a fact that Seraphim had died in childbirth. He had seen the gathering of Negroes at her funeral in the cemetery, the day of Naomi's burial. He had heard Max Bellini's message on the maniac cop's Ansaphone. "Oh, it doesn't mean you're nervous in that sense. Nervous in this case means psychologically induced. Grief, Enoch. brief and shock and horror-they can have profound physical effects." The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape. WHEN AT LAST Paul Damascus reached the parsonage late Friday afternoon, January 12, he arrived on foot, as he arrived everywhere these days. Lientery's work met the criteria of great art, about which Junior had learned in art-appreciation courses. It undermined his sense of reality, left him wary, filled him with angst and with loathing for the human condition, and made him wish he hadn't just eaten dinner. The reception still roared in both showrooms of the gallery. Legions of the uncultured, taste-challenged in every regard except in their appreciation for hors d'oeuvres, yammered about art and chased their cloddish opinions with mediocre champagne. Barty had awakened able to read. On the page, lines of type no longer twisted under his gaze. Without a word, Joshua Nunn and the paramedic retreated to the foyer. The parlor doors slid shut. Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. Junior had made a mistake when he smashed the pewter stick into Vanadium's face after the cop was already unconscious. He should have bound the bastard and attempted to revive him for interrogation. Suddenly she realized-Good Lord!-that someone else had a had inside her, up the very center of her, massaging her uterus in the

same lazy pattern as that made by the piece of melting ice on her belly..The slamming of Junior's heart sounded as loud to him as mortar rounds. He stepped back and sideways, out of the vending machine's line of fire..Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of Bonnie and Clyde..The friendship, the work, and not least of all the sense of home and belonging that everyone felt within minutes of crossing Agnes's threshold-these things appealed to Celestina and Grace. But they didn't want Paul to feel that his hospitality was unappreciated.. "Maria is coming by with Francesca and Bonita," Agnes said. "We might as well put all the extensions in the table. Barty, call Uncle Jacob and Uncle Edom and invite them for dinner.". Wonderful. Oh, perfect. So Neddy, a friend of Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too..Shivering, Junior slammed the trunk lid and warily surveyed the lonely landscape. Black pines spread bristled arms through the charry night, and the moon cast down a jaundiced light that seemed to obscure more than it illuminated..He reached the end of the alleyway, stumbled into the stream of pedestrians, nearly knocked over an elderly Chinese man, turned, and discovered ... no Vanadium..Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?". "This is most incommensurate," Junior said, recalling the word from a vocabulary-improvement course, without need of ice applied to the genitals..Abruptly alert, sitting up on the edge of the bed, Celestina knew the caller could not be the comatose old woman, so she said angrily, "Who the hell is this?". In the living room, he removed a decorative pillow from the sofa. He carried it into the foyer..From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when. Barty grew and coped and learned according to his own clock..The cemetery had been mown for the holiday. The scent of fresh cut grass grew more intense the longer Agnes met her son's radiant green-blue gaze, until the fragrance became exquisitely sweet..The bandaged man stormed up from the ruin of the living room, gauze fluttering around his lips as his hard exhalations seemed to prove that he wasn't a long-dead pharaoh reanimated to punish some heedless archaeologist who had ignored all warnings and violated his tomb. So this wasn't a Weird Tales moment..He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley..Frequently, these days, she found herself explaining aspects of life to Barty that she hadn't expected to discuss for years to come. She wondered how she could make him understand this: Life can be so sweet, so full, that sometimes happiness is nearly as intense as anguish, and the pressure of it in the heart swells close to pain..Clearly, she had learned nothing from her reading. No sincere and thoughtful student of Zedd would be as sorely lacking in self-control as Frieda Bliss..Agnes got out of bed, switched on the lamp, and tucked Barty in once more. "Say your silent prayers.". "When I couldn't get enough nightclub and theater bookings for my magic act anymore ... I turned to gambling.". Dear Lord, how she loved her sugarpie, her little M&M. Three years had passed in what seemed like a month, and although there had been stress and struggle, too few hours in every day, less time for her art than she would have liked, and little or no time for herself, she wouldn't have traded being blindsided by motherhood for any amount of wealth, not for anything in the world ... except to have Phimie back. Angel was the moon, the sun, the stars, and all the comets streaking through infinite galaxies: an ever-shining light..Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain.. "Get this through your head, you shit-for-brains. I lost a daughter, a precious daughter, my Naomi, the light of my life.". After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet..With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there.". Sunday evening, here he was, cracking open four new decks, as if fresh cards might enable the magic to repeat..Bearing roses upon their arrival, they hadn't bothered with umbrellas. Besides, although the sky glowered, the forecast had predicted no precipitation..Neither of them was aware that their personal drama, in all its clumsiness and glory, had focused the attention of everyone in the restaurant. The cheer that went up at Celestina's acceptance of his proposal caused her to start, knocking the ring from Wally's hand as he attempted to slip it on her finger. The ring bounced across the table, they both grabbed for it, Wally made the catch, and this time she was properly betrothed, to wild applause and laughter..If he was left standing on the porch, the visitor would circle the house, peering in windows where the drapes were not drawn, trying the doors in hope of finding one unlocked. Fearful that Victoria was sick or injured, that perhaps she had slipped on a pat of butter and cracked her Mad against the comer of an open oven door, he might try to force his way inside, break a window. Certainly he would go to the neighbors to call the police.
