He was half asleep, sitting on the ground in the shade by the barracks, the smell of the logs stacked by the roaster tower bringing him a memory of the work yards at home, the fragrance of new wood as the plane ran down the silky oak board. Some noise or movement roused him. He looked up and saw the wizard standing before him, looming above him..powerful spells of protection woven and re woven by the wise women of the island, and had no..not any better at being a wizard than I am at bookkeeping? Why can't I do what I know I can do? ".Go in?" the boy Dulse had whispered..He had married while he was in Shelieth, a woman no one at Iria knew anything about, for she came."And when he doesn't have any? And the rest is silence."..you know my name."..knew it."..Away from the lanterns of the party it was dark, but she knew the way in the dark. He was there. The willows had grown, these two years. When I'm here I can't believe it is a prison. But outside, without you, I remember... I don't want to go, but I have to go. I don't want to admit that anything here can be wrong or go wrong, but I have to... I'll go this time, and I will go north, Elehal. But when I come back I'll stay. What I need to find I'll find here. was him I'd retire" he said. "I think I'll do that myself." THE ISLAND OF SEMEL lies north and west across the Pelnish Sea from Havnor, south and west of the Enlades. Though it is one of the great isles of the Earthsea Archipelago, there aren't many stories from Semel. Enlad has its glorious history, and Havnor its wealth, and Palm its ill repute, but Semel has only cattle and sheep, forests and little towns, and the great silent volcano called Andanden standing over all..through the sharp-edged reeds and tangling roots, and found their way back to the lane. And there.He was only a little sorcerer, a cheating healer with a few sorry spells. Or so he seemed. What if he was cheating, hiding his power, a rival hiding his power? A jealous rival. He must be stopped, he must be bound, named, called. Irioth began to say the words that would bind him, and the shaken man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong, I am doing the wrong, I am the ill, Irioth thought. He stopped the spell words in his mouth, fighting against them, and at last crying out one other word. Then the man Ayeth crouched there, vomiting and shuddering, and San was staring and trying to say, "Avert! Avert!" And no harm was done. But the fire burned in Irioth's hands, burned his eyes when he tried to hide his eyes in his hands, burned his tongue away when he tried to speak..come sit with Heleth in the little house at Re Albi and listen and be still. In such discussions they worked out the names that ever.Hemlock was 10th to practice any of the lesser arts of magic. He did not put out a finding spell, as any sorcerer might have done. Nor did he call to Diamond in any way. He was angry; perhaps he was hurt. He had thought well of the boy, and offered to write the Summoner about him, and then at the first test of character Diamond had broken. "Glass," the wizard muttered. At least this weakness proved he was not dangerous. Some talents were best not left to run wild, but there was no harm in this fellow, no malice. No ambition.
