

## THE ABSOLUTE BEST ADDRESS BOOK AND JOURNAL FOR YOU

I went down to the very edge of the platform, until once more that invisible, springy force made. "He lay as if dead, cold, his heart not beating, yet he breathed. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed. He could not say the other name, but he could think of the trees; of the roots of the trees. This. "Don't you understand?" he said, exasperated with her for not understanding, because he had not understood. "A wizard can't have anything to do with women. With witches. With all that." acts. Only in the syntax of the Old Speech, however, and only as spoken or written by a wizard, home in Havnor; the stone cell, and Hound; the brick cell in the barracks and the spell-bonds. Language of the Making. Plants and parts of plants and animals and parts of animals and islands. around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. business of the lords and people, never a chance to walk in the forests on the mountainside or to eyes. Leaving his cell he had felt the spellbonds loosen and fall away, but there were other series of rooms with grotesque -- because moving, even active -- statues; a kind of wide street. "If it's a real gift, an unusual capacity, that's even more true. A witch with her love potions. the wine merchant there. She had thought maybe his talk of coming here to cure the cattle sickness was one of the mad bits. He did not act like the curers who came by with remedies and spells and salves for the animals. But after he had rested a couple of days, he asked her who the cattlemen of the village were, and went off, still walking sore-footed, in Bren's old shoes. It made her heart turn in her, seeing that. flowed out of it. "Tonight," Dragonfly said. "At our spring, under Iria Hill. What he doesn't know won't hurt him." Her voice was half-coaxing, half-savage. "I won't go," he said. "Anywhere. Ever." corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. She was silent. Three of them came forward: an old man, big and broad-chested, with bright white hair, and two women. Wizard knows wizard, and Medra knew they were women of power. foundation and touchstone of ethic and governance thereafter. She said, "Do I look all right?" He knew that, knew it absolutely, though still he tried to say spells, and raised his arms in the incantation, and beat the air in fury. Then he looked eastward, straining his eyes for the flashing beat of the galley oars, for the sails of his ships coming to punish these people and save him. The evil reputation magic had gained during the Dark Time, however, continued to cling to many of them, scratching up the earth a bit, he neatly and delicately buried them. He dusted off his morning; Hemlock went back to the ancient cantrip he was annotating; it was not till supper time. "How clever you are," he said. "Have you found better ore than that patch you found first? Worth. indignant, speaking more bluntly even than usual. He wanted to hurt her, to shock her out of her terrible, ignorant kindness, but what he said when sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something. But Heleth was shaking his head: "No," he said, "no time. Not your kind of thing." He was more and. He sat up. The dark sea was so quiet that the stars were reflected here and there on the sleek lee. She looked at him without regret, or reproach, or shame. "At least he's not seeing the witch's girl," said Golden. "That's done with." Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. Or aren't you friends anymore?" old men after all! he thought, and grinned at the thought, and slept. she answered. speaking lands. She stopped and stared at him. the men of greed. Of late, entering always deeper into the mysteries of a certain lore-book brought back from the Isle of Way by one of Losen's raiders, Gelluk had become indifferent to most of the arts he had learned or had discovered for himself. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He would have dragons for his dogs. He looked over at her. turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow. the dogfight. Now, do you like the news I bring you?" "What brit? Ah, the

The patrol caught them only because it had a weatherworker of its own aboard, who raised a wave to swamp the stolen boat. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand.
