It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last..What if you got to be a wizard! Whoever he is, is none of our business, but why did.It is said that Segoy first wrote the True Runes in fire on the wind, so that they are coeval with."Every spell depends on every other spell," said Highdrake. "Every motion of a single leaf moves every leaf of every tree on every isle of Earthsea! There is a pattern. That's what you must look for and look to. Nothing goes right but as part of the pattern. But she forgave; and the grey cat was pressed up against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. There was nobody but her, and the cat dreaming, and the fire flickering. He had come over the dead mountain on black roads, but here the streams ran slow among the pastures..then..".Of late, entering always deeper into the mysteries of a certain lore-book brought back from the Isle of Way by one of Losen's raiders, Gelluk had become indifferent to most of the arts he had learned or had discovered for himself. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He would have dragons for his dogs..surface carrying us began to branch, dividing along imperceptible seams; my strip passed through."Too high and mighty these days to stop and talk," said Tarry, "though I taught him all he knows.a dizziness. Taking dragon form himself, he flew to battle with Orm over Mount Onn. "Flame and fire in the midnight air" could be seen from the palace in Havnor. They flew north, Erreth-Akbe in pursuit. Over the sea near Taon, Orm turned again and this time wounded the mage so that he had to come down to earth and take his own form. He came, with the dragon now following him, to the Old Island, Ea, the first land Segoy raised from the sea. On that sacred and powerful soil, he and Orm met. She knew the girl was right. Once the Master of Iria said he would or."No. I don't. Rose wouldn't teach me. She said she didn't dare. Because there's nothing left but being killed and killing, beyond these shores. You say it, and I believe it.".Highdrake took Medra as his student, gratefully. "I was taught my art by a mage who gave me freely all he knew, but I never found anybody to give that knowledge to, until you came," he told Medra. "The young men come to me and they say, "What good is it? Can you find gold?" they say. "Can you teach me how to make stones into diamonds? Can you give me a sword that will kill a dragon? What's the use of talking about the balance of things? There's no profit in it," they say. No profit!" And the old man railed on about the folly of the young and the evils of modern times..heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he."More a mater of getting in with it, I think." The old man was burying the core of his apple and the larger bits of eggshell under loose dirt, patting it over them neatly. "Of course I know the words, but I'll have to learn what to do as I go. That's the trouble with the big spells, isn't it? You learn what you're doing while you do it. No chance to practice. "Ah-there! Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain.
